Final Report now available: IIU concludes investigation into alleged assault by WPS

On February 14, 2018, the Independent Investigation Unit (IIU) issued a media release advising that it had concluded its investigation into an allegation that an officer of the Winnipeg Police Service assaulted a suspect. It concluded that no charges should be laid against the officer.

The final report on the investigation was not released at that time as the affected person had charges pending before the courts relating to the incident. Those charges have now been dealt with and the IIU final report is available on the IIU's website. The details of this investigation were first announced on June 20, 2017.
