Final Report now available: IIU concludes investigation into officer-involved shooting in Waywayseecappo

On November 8, 2019, the Independent Investigation Unit (IIU) had issued a media release advising that it had concluded its investigation into an incident in which a member of the Manitoba First Nations Police Service (MFNPS) shot and injured a man after the officer was stabbed in the head and neck. The officer will not face any charges as a result of his actions.

The final report of the IIU was not released as the affected person had charges pending before the Court as a result of the incident. Those charges have now been disposed and the IIU final report is now available on the IIU's website. The details of this investigation were first announced on May 30, 2019.
