Final Report now available: IIU concludes investigation into operation of Sea-Doo by off-duty police officer

On December 9, 2019, the Independent Investigation Unit (IIU) issued a media release advising that it had concluded its investigation into whether a member of the Winnipeg Police Service contravened boating safety laws and consequently contributed to the injury of a child. It had concluded no charge would be laid against the subject officer.

The final report of the IIU was not released at that time due to a concurrent investigation. The IIU final report is now available on the IIU's website. The details of this investigation were first announced on September 16, 2019.
